INVESTITURE CEREMONY

"Leadership in Action: Investiture Ceremony 2025-26"

The Investiture Ceremony of Vaasavi International School for the academic year 2025-26 was held with great dignity and enthusiasm on the 2nd of July, 2025. The event marked a significant occasion where the newly elected student council members were formally invested with their responsibilities to lead the student body with integrity and commitment.

The ceremony commenced with a prayer song, followed by a welcome address that set a tone of pride and purpose. The Principal conferred badges and sashes to the office bearers, symbolizing trust and responsibility. As the Head Boy, it was a moment of immense honour and gratitude to take the oath of leadership, pledging to uphold the values and ethos of our school.

The event was made even more vibrant with a series of cultural performances by the students—songs, dances, and skits that highlighted the spirit of teamwork and leadership. The graceful cultural presentations added colour and liveliness to the solemn occasion.

The Investiture Ceremony was not just an event, but a celebration of the school's belief that "leaders are not born but made."

FIELD TRIP - CLASS 3

My Field Trip

Our class went on a field trip to the historical place — Mahabalipuram. It is a beautiful place near the sea in Chennai. We saw many old stone temples and carvings. The Shore Temple looked very tall and pretty. We also saw Arjuna's Penance, which is a big rock with carvings on it. The guide told us stories about the kings who built these temples long ago. We enjoyed walking near the beach and feeling the cool sea breeze.

. On the same day, we also visited the Crocodile Park in Chennai. We were very excited! We saw many crocodiles resting near the water. Some were very big and some were very small. We also saw turtles and snakes.The guide shared many interesting facts about crocodiles. We took pictures and watched them swim. The park was clean and full of trees. Our teachers took good care of us. We took many photos with our friends and teachers. It was a fun and educational trip that we will never forget!

FIELD TRIP - CLASS 4

Going on a school field trip is always an exciting adventure! We boarded the bus with our backpacks and snacks, ready to explore new places and learn new things.

Our trip was planned to Dakshina Chitra Museum and the ISKCON Temple. Dakshina Chitra, located on the East Coast Road near Chennai, is a living heritage museum that showcases the art, architecture, lifestyles, crafts, and traditions of South India. It has models of traditional houses from Tamil Nadu, Kerala, Karnataka, and Andhra Pradesh.

When we reached the museum, we saw many old objects that people used in the olden days, such as kitchen utensils, farming tools, and handicrafts. We also explored different village houses and learned how people lived long ago. In the cultural section, we watched a Kerala traditional dance performance, which was very colourful and graceful.

After that, we visited the ISKCON Temple, where we saw the beautiful idol of Lord Krishna. The temple was peaceful and filled with divine music. We sang devotional songs for Lord Krishna and felt very happy and calm.

On our way back to school, we enjoyed snacks, drank juice, and listened to songs on the bus. Everyone was laughing and sharing their favourite moments. It was a wonderful trip filled with fun and learning, and we all returned with happy memories.

FIELD TRIP - CLASS 5

Our One-Day School Trip. Last month, our school arranged a one-day trip. When our class teacher announced it, my friends and I were very happy. We started counting the days eagerly. On the trip day morning, we got up early and packed our bags with snacks and food. We were very excited and ready for a wonderful day.Our journey started at 5 o'clock in the morning through the beautiful East Coast Road. The cool breeze and the sunrise made the morning very pleasant. We sang songs, played games, and enjoyed the journey with our classmates and teachers. Our first stop was Birla Planetarium. There we saw many science-related instruments and wonderful exhibits of plants and animals. We also watched a 3D show about the Milky Way Galaxy. It was an amazing experience to see stars, planets, and space travel on the big screen. We learned many new things and felt very excited. After lunch, we moved to our next place — the Crocodile Park. We saw many crocodiles basking in the sun and swimming in the ponds. Some of them were very big! We took many photos and enjoyed watching them. . Before returning, we bought some small toys and gifts for ourselves and our siblings. Then we spent some time playing in a nearby park. There were swings, see-saws, and slides. We laughed, played, and had a great time with our friends. At around 8 o'clock in the night, we started our return journey and reached our school safely. My bag was empty, but my heart was full of joy, friendship, and happiness. It was a day filled with fun, learning, and unforgettable memories. This trip was a new and special experience for me.

FIELD & TRACK EVENTS

Sports Day Celebration at Vaasavi International School

I am J. Pranitha of Class VII–B, and I am delighted to share my experience of our school's Sports Day Celebration conducted by Vaasavi International School (CBSE). The grand event took place on 13th September 2025 at Thiruvalluvar Stadium, Pondicherry University.

The day was filled with enthusiasm, energy, and excitement. A variety of games and athletic events such as Running, Long Jump, High Jump, and Relay were conducted. All students participated actively, representing their respective houses — Integrity (Red), Harmony (Green), Confidence (Blue), and Wisdom (Yellow).

The air was filled with cheers and encouragement as housemates and teachers motivated the participants to perform their best. I, too, participated in every event and truly enjoyed the spirit of friendly competition.

The celebration was a memorable one, promoting teamwork, discipline, and sportsmanship among all students. I sincerely thank our Principal for organizing such an amazing event that gave us an opportunity to showcase our talents and celebrate the joy of sports.

FIELD TRIP - CLASS X

Our Two-Day Field Trip to Kodaikanal

Our school organized a two-day field trip to Kodaikanal, and it was one of the most exciting experiences of my life! From the moment our bus started, the air was filled with laughter, songs, and endless excitement. The scenic route to Kodaikanal, with its misty hills and winding roads, made the journey truly memorable.

We stayed in a comfortable hotel surrounded by beautiful hills. The rooms were cozy, and the food was simply amazing — hot, delicious, and full of variety. After a hearty breakfast, we set out to explore Kodaikanal's famous attractions like Coaker's Walk, Bryant Park, the Lake, and the Pine Forests. Boating on the serene Kodaikanal Lake was everyone's favorite part!

Throughout the trip, our teachers guided us, and we learned a lot about nature, teamwork, and local culture. We also had plenty of fun playing games, clicking photos, and sharing stories late into the night.

The next day, we visited Silver Cascade Falls before returning home. Though we felt sad to leave, our hearts were full of joy, friendship, and wonderful memories. The trip taught us that learning can be fun, especially when surrounded by friends and the beauty of nature.

சின்மயா ஆன்மீகப் பாராயணப் போட்டி – 2025

COLOUR DAYS CELEBRATION

RED DAY CELEBRATIONS

Vaasavi School celebrated Red Day on 11th July 2025 with great excitement. The campus was decorated with red balloons, flowers, and creative student art. Children participated in rhymes, songs, and "Show and Tell" activities about red objects. The celebration was both fun and educational, creating joyful memories for all.

BLUE DAY CELEBRATIONS

Vaasavi School celebrated Blue Day on 22nd August 2025 with great joy and enthusiasm. The campus was beautifully decorated with blue balloons and streamers, symbolizing peace and creativity. Children dressed in blue enjoyed stories, songs, and fun activities related to the colour. The event fostered creativity and togetherness, making it a memorable celebration for all.

EDUCATIONAL TOUR TO INDIAN INSTITUTE OF SPACE SCIENCE AND TECHNOLOGY (IIST)

Our recent tour to Kerala was an unforgettable blend of fun, learning, and adventure. The journey began with a 13-hour travel from our school to Cochin, filled with excitement and anticipation. The school staff had planned the itinerary exceptionally well, ensuring smooth coordination and utmost student satisfaction throughout the trip.

Upon arrival, we visited Wonderla Amusement Park, where we enjoyed various thrilling rides without any restrictions. The staff made sure everyone was safe and comfortable while providing delicious meals and refreshments, including biryani for lunch and evening snacks. After an exhilarating day, we resumed our journey and had dinner at a non-vegetarian restaurant before reaching our stay at Giri Convention Center, which served as our accommodation for the next three days.

The next morning marked the beginning of our Rocketry Workshop at the Indian Institute of Space Science and Technology (IIST). The first day focused on the theoretical and mechanical principles of rocketry, closely related to our 11th and 12th-grade science lessons. Though the morning session was a bit quiet due to tiredness, we became more interactive and inquisitive in the afternoon, eagerly preparing for the practical session the next day. We also explored the IIST campus and enjoyed fun activities like the horror room and laser shooting, while visiting advanced research labs filled with cutting-edge equipment.

On the second day, we engaged in hands-on learning using the OpenRocket app, where we designed and tested model rockets. Despite facing a shortage of computers, we continued working enthusiastically and completed our designs later at our accommodation. In the evening, we visited LuLu Mall, where we explored, shopped, and dined together before returning to our stay for a night of teamwork and excitement.

The final day was the most thrilling, as we launched our model rockets after safety checks. Some soared high, some partially lifted, and a few failed—but the joy of participation and learning was shared by all. After receiving our certificates and capturing group photos, we began our return journey around 2 p.m. The trip concluded safely at our school by 5 a.m., leaving us with hearts full of joy and minds enriched with knowledge.

The Kerala tour was indeed a perfect combination of education, adventure, and cherished memories that we will treasure forever.

The Whispering Book

The school library was quiet. Only the sound of turning pages and the soft light of the afternoon filled the room. Elara walked between the shelves, looking for an old, forgotten book.

Then she saw one. It was on the top shelf, covered in dust, with no title on the cover. The cover felt rough, almost like burnt leather. When she pulled it out, it smelled like smoke and old paper.

A whisper came — not in her ears, but inside her head.

Even so, she opened the book.

The pages were blank at first. Then shiny letters appeared and disappeared too fast to read. It looked like the book was alive. On the last page, one word stayed:

Listen.

Suddenly, the librarian, Ms. Finch, appeared beside her.
"That book is not for you, child," she said in a cold voice.

At once, the book closed by itself — as if it understood.

Later, Elara told her friend about the whispering book, but her friend didn't believe her. The next day, the whispers came back.

This time, they weren't in the library. They followed her through the school hallway, calling her name. A history textbook fell from a shelf and opened to a page about the library's old fire. The page was burned at the edges.

Elara felt a chill run down her spine.

The book wasn't in the library anymore — but its voice was everywhere. Only she could hear it.

It wasn't a story to be read.
It was a story to be solved.
And Elara was already part of it.

चार मित्रों की एकता

एक बार एक चिड़िया, खरगोश, बंदर और हाथी रहते थे। वे झगड़ रहे थे कि सबसे बड़ा कौन है। उस समय उनको एक पौधा मिला और सभी को याद आया कि यह पौधा कैसे बड़ा होंगे। हर दिन चिड़िया ने पानी दिया, खरगोश ने भी पानी दिया, बंदर ने देखभाल की और हाथी ने पौधे की रक्षा की। कुछ वर्षों के बाद वह पेड़ बड़ा हो गया। उस पेड़ के नीचे हाथी, बंदर और खरगोश आराम लेते और सबसे ऊपर चिड़िया फल तोड़ने गई। सबने मिलकर फल खाया और सीखा कि मिलजुलकर रहना सबसे अच्छा होता है।

Dreams – The First Step to Success

Dreams are not just the activities of our sleep; they are the seeds of success. Dreaming is the beginning of every great achievement. It gives us a purpose and a vision to move forward in life. Dr. A.P.J. Abdul Kalam, the "Missile Man of India," once said, "Dream, Dream, Dream. Dreams transform into thoughts, and thoughts result in action." These inspiring words remind us that every accomplishment starts with a dream. A dream acts like a map that leads us to a hidden treasure — and that treasure is success. Without dreams, life becomes directionless and dull. Our dreams give us energy, courage, and determination to overcome difficulties and reach our goals. However, simply dreaming is not enough. To make our dreams come true, we must work hard, stay focused, and never give up, no matter how tough the journey becomes. Every successful person we admire today was once a dreamer who dared to believe in their vision. So, let us dream big, think positively, and work tirelessly. Remember, dreams are the first step toward turning our imagination into reality and achieving true success.
